Year 6: Watching Spirited Away and trying Japanese snacks...

Our Year 6 students had a wonderful opportunity to watch the culturally significant Anime “Spirited Away” and tried some yummy Japanese snacks. During this lesson, as a class, we were able to discuss and explore some of the mythology and spiritual beliefs and superstitions of Japanese culture. It was fantastic to see that everyone had a taste of something new and was not afraid to “give it a go!” Many students were pleasantly surprised and had discovered a new food to explore!
